

## REQUIREMENTS FOR OBTAINING AN ON-SITE SEWAGE MANAGEMENT SYSTEM REPAIR OR MODIFICATION PERMIT

1. Letter from County or City Water/Sewerage System representative stating that sewer is not available. Also, obtain a record of the past (12) twelve months water usage.

Cobb County Water System Contact Numbers:

To inquire on sewer availability: (770) 419-6328

To inquire on water consumption: (770) 419-6208

Customer may have Water system fax information to Environmental Health at (770) 431-7410.

2. If there is no previous soil information on file, a level 3 or higher intensity soil study is required.
3. Contractor/homeowner must submit a sketch and description of the proposed repair work.
4. Homeowner/authorized agent must complete the permit application. All applicable fees must be paid in advance of services. There is a \$125.00 fee for repair permit
5. The Environmentalist will check the files to locate a record of the existing on-site sewage management system.
6. The site will normally be reviewed within five working days.
7. It is required that the owner receives a copy of the repair permit.

**Note: Items 1- 5 MUST be completed before the site can be reviewed and a permit issued.**
